

Air Assist User Manual

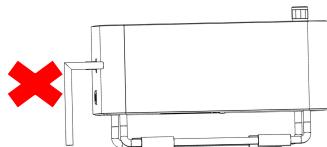

Precautions for use

Be careful not to get the tube stucked by the wheels.

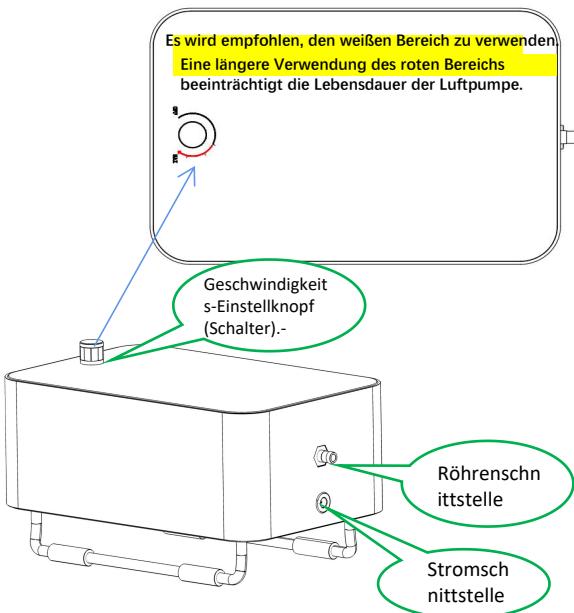

Please do not bend the tube too much to make the tube blocked.

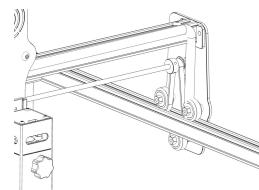

Please be aware of the tube cannot be bent too much to make the tube blocked, which would cause the pump burnt out.

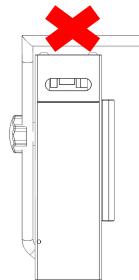

Air Assist-Benutzerhandbuch

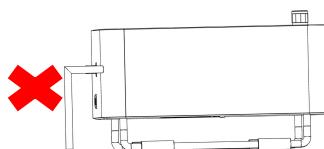

Vorsichtsmaßnahmen für den Gebrauch

Achten Sie darauf, dass der Schlauch nicht an den Rädern hängen bleibt.

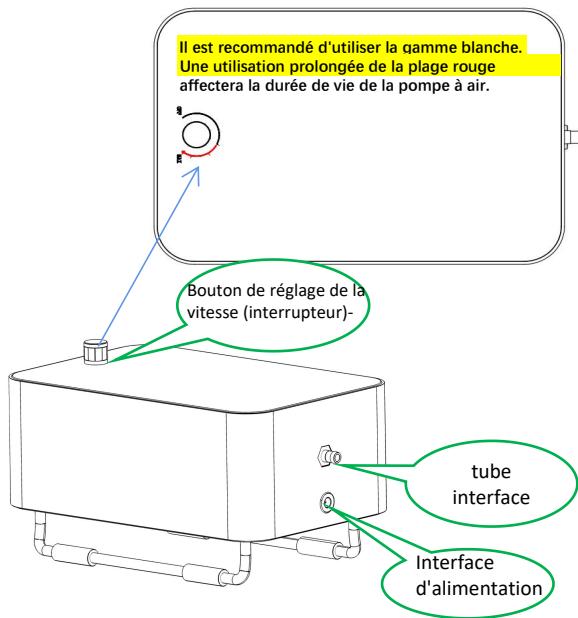

Bitte biegen Sie den Schlauch nicht zu stark, damit er blockiert wird.

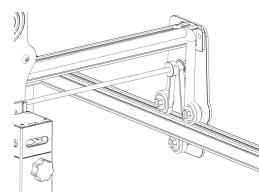

Bitte beachten Sie, dass der Schlauch nicht zu stark gebogen werden darf, damit er blockiert und die Pumpe durchbrennt.

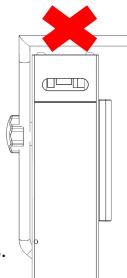

Manuel d'utilisation de l'assistance aérienne

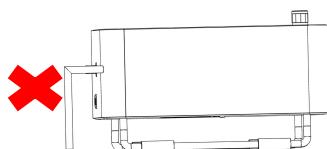

Précautions d'emploi

Faites attention à ne pas coincer le tube par les roues.

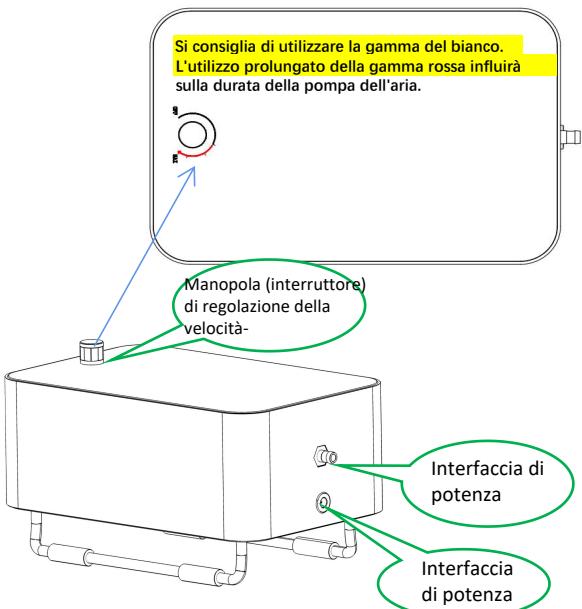

Veuillez ne pas trop plier le tube pour le bloquer.

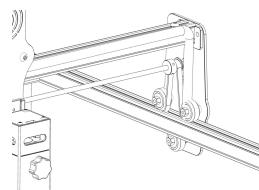

Veuillez noter que le tube ne peut pas être trop plié pour bloquer le tube, ce qui entraînerait la combustion de la pompe.

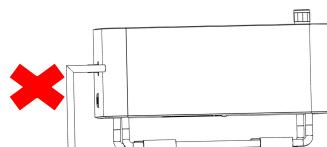

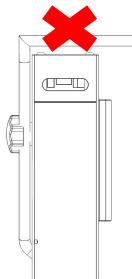

Manuale utente Air Assist

Precauzioni per l'uso

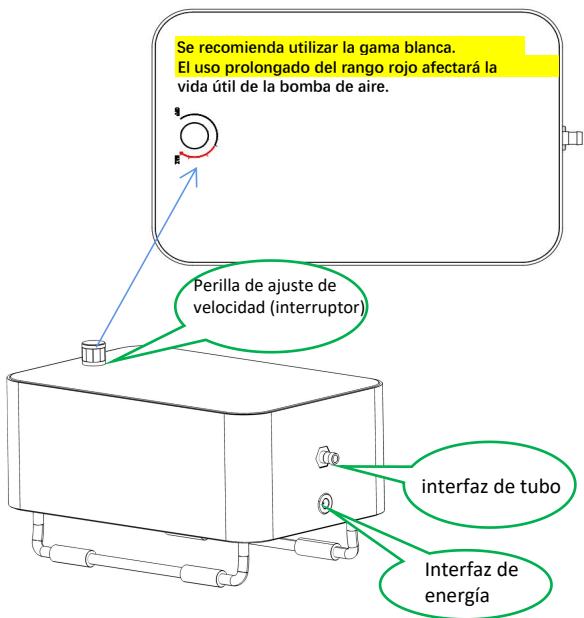

Fare attenzione a non incastrare il tubo nelle ruote.

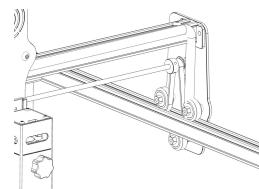

Si prega di non piegare
troppo il tubo per
bloccarlo.

Si prega di tenere presente che il tubo non può essere piegato
troppo per bloccarlo, causando la bruciatura della pompa.

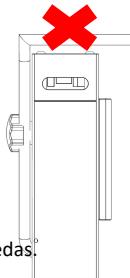

Manual de usuario de asistencia aérea

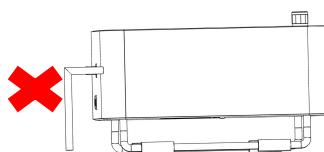

Precauciones de uso

Tenga cuidado de no enganchar la cámara con las ruedas.

No doble demasiado el tubo para bloquearlo.

Tenga en cuenta que el tubo no se puede doblar demasiado para bloquearlo, lo que provocaría que la bomba se quemara.
